Date:_____

AUTHORIZATION TO USE CUSTOMER PROPRIETARY NETWORK INFORMATION ("CPNI")

In the course of providing service to you (hereinafter "Customer"), Blue Lightning ("BL"), formerly Wiggins Telephone Association, will obtain and possess certain usage-related information about the quantity and type of the telecommunications services Customer uses. This information is referred to as Customer Proprietary Network Information ("CPNI"). As a practical matter, CPNI includes information such as the type of communications services that Customer purchases from BL (phone service, broadband service, etc.), the features that you purchase, and Customer's usage patterns.

Under federal law, Customer has the right, and BL has the duty, to protect the confidentiality of Customer's CPNI. We may use Customer's CPNI to tailor our products and services to Customer's needs and to enhance our ability to meet all of Customer's communications needs, for example, by making Customer aware of products and services that we believe may be of interest. We also may share this information with our subsidiary company [Northern Colorado Communications, LLC, dba Blue Lightning Broadband] for the purpose of marketing additional BL products and services to Customer to enhance the Customer's current service with BL. BL will not use this information for the purpose of selling non-communications related products and services, nor will this information be provided or sold to third-party vendors.

If you would like to **opt-out** of receiving information outside of the services you currently subscribe to, please contact our office. You may contact us to change your decision about the disclosure of your CPNI within BL's affiliated communications companies at any time. If you do not contact us within 33 days of the date of this notice, we will assume that we have your permission to disclose your CPNI within BL and our subsidiary company. If you ask us not to disclose your CPNI, your decision will not affect the quality of service that BL provides to you.
